Subject: Filter Renewal
Dublin Borough, Pennsylvania
BCM Project No. 00-5681-01

Dear John:

This letter is to confirm your telephone conversation with Steve Kemp on April 5, 1988 regarding carbon filter tank rotation and carbon replacement in treatment systems at residences in Dublin, Pennsylvania. Filter renewal will be conducted in the following manner:

1. The primary filter bed will be removed.
2. The secondary filter bed will be rotated to the primary position.
3. A new carbon bed will be installed in the secondary position.

Spent carbon will be hand carried to the 120 Mill Street property and placed in drums for staging. The owner of the 120 Mill Street property will supply the drums and properly dispose of the spent carbon.

These filter renewals are scheduled to begin on Tuesday, April 12, 1988, at the following locations:

- Dublin Hardware	105 N. Main St.
- Dublin Diner	N. Main St.
- Farm Bureau	104 Mill St.
- Hirst	119 N. Main St.
- Schmell	149 N. Main St.

Please note that the Farm Bureau has a single stage filter and, therefore, only carbon bed replacement is required. Enclosed, for your records, please find a copy of the signed service agreement. Should you have any questions or require further information please call Steve Kemp or me at (609) 587-9777.

Very truly yours,

Robert J. Wyatt
